Do you Undertake

Control Updates

Central heating - additions / improvements

Boiler changes & servicing

Bathroom installations

Installed to the latest building Regulations?

Would you wish to be included in a special web listing of all
East Anglia qualified Plumbing and Heating Engineers?

Tick if interested

*Creating a website for
YOUR business*

We will create a web name based on your business name
e.g. Bill Smith Heating Installations Limited could become;

www.BillSmithInstallations.co.uk

This can then be added to your office stationary, business card or
van display.

This special price also includes the creation of a professional
email address e.g. Info@BillSmithInstallations.co.uk

Email messages can be redirected to your home email address
(no additional costs). Alternatively, email details can be left off
your web page. Customers would then use your phone or
business address details to contact you.

Easy to Set Up – simply enter the details you wish to be included
on your website and post to the address below together with a
cheque for £60 (made out to EasyPublish).

Call **07973 330324** for further details. We will contact you to
discuss/confirm a final web name, before proceeding.

Got some web skills? Try our unique SiteBuilder package to
create your own unique 3 page website with photographs, for an
additional £15. Ask for details.

Mail to:

Ian Linnegan
EasyPublish
